

## How can financing help you acquire a Cisco solution that meets your financial and technology needs ?

### Take advantage of the unique financing benefits that Cisco Capital offers.

- **Cash flow conservation**

spread costs over time, preserve credit and avoid the need for one large cash investment.

- **Business focus**

remove the burden and costs of equipment ownership and disposal.

- **One solution, predictable payments**

combine Cisco hardware, software, services and complementary third party equipment into one strategic financial framework that exceeds your business goals.

- **Lower costs**

take advantage of competitive rates and residual values that reduce your total cost of ownership and accelerate your return on investment.

- **Equipment lifecycle management**

manages costs, meet business demands, avoid obsolescence with flexible upgrade and migration options, and easy equipment disposal.

- **Maximum flexibility**

protect your investment with the right payment schedule, term duration and end of lease options including an outright purchase, capped and market-value residuals, and like-for-like equipment returns.

More Cisco expertise.  
More competitive financing.

**Cisco:Financed**

# What are the advantages of Cisco Capital to you?

## Our Cisco expertise

- gain from direct access to Cisco technology resources and personnel.
- benefit from technology acquisition that's linked to Cisco innovation lifecycles.
- achieve the most strategic acquisition for Cisco technology solutions.

## More competitive financing

- benefit from our flexible financing based on a better understanding of Cisco technology.
- protect your investment with flexible terms, payment structures, migration, refresh, and end of lease options.
- our flexibility helps you to acquire the best technology on the best terms.

## A more strategic acquisition

- learn to leverage current and future budgets for maximum business impact.
- benefit from the use of technology and not the ownership.
- use our combined Cisco and financing expertise to create a strategic approach to current and future technology investments.
